Allowable Subject Matter

The prior art made of record and not relied upon is considered pertinent to the applicant's disclosure.

Claims 1-20 are allowed over the prior art.

The following is an examiner's statement of reasons for allowance: the closest references Vanderslice, Jr. (US 5,362,942) and Silvertown (US 4,222,000) both disclose apparatuses for heating a battery by passing AC current through the battery and using the battery's internal resistance as the heating element for producing heat for the battery. Vanderslice's apparatus uses a separate AC heater power supply (figure 3 ref# 27) to supply the AC current used to heat the battery. Silvertown's apparatus uses an alternator (figure 1 ref# 12) connected to an internal combustion engine to supply the AC current used to heat the battery. Neither Vanderslice nor Silvertown disclose using the same circuit for selectively supplying the battery with AC current to heat the battery and drive the electric motor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brett S Squires whose telephone number is (571)272-2268. The examiner can normally be reached on 9am-5:30pm.
